INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Tamarind Gulf and Bay Condominium Association, Inc.

Opinion

We have audited the accompanying financial statements of Tamarind Gulf and Bay Condominium Association, Inc., which comprise the balance sheet as of December 31, 2023, and the related statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tamarind Gulf and Bay Condominium Association, Inc. as of December 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tamarind Gulf and Bay Condominium Association, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tamarind Gulf and Bay Condominium Association, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of Tamarind Gulf and Bay Condominium Association, Inc.'s
 internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tamarind Gulf and Bay Condominium Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of replacement fund activity is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the Association's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information on future major repairs and replacements be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Summarized Comparative Information

Commyl, Co. LEP

We have previously audited Tamarind Gulf and Bay Condominium Association, Inc.'s 2022 financial statements, and we expressed an unmodified opinion on those financial statements in our report dated June 7, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Notes to Financial Statements

December 31, 2023

Note 1 – Organization and Summary of Significant Accounting Policies:

Organization

Tamarind Gulf and Bay Condominium Association, Inc. (the "Association") was incorporated under the Laws of the State of Florida as a not-for-profit corporation for the purpose of administering and operating the property located at 2955 North Beach Road in Englewood, Florida. The members of the Association consist of 145 condominium unit owners.

Fund Accounting

The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting, and prepares its financial statements on the accrual basis of accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund

This fund is used to account for financial resources available for the general day to day operations of the Association.

Replacement Fund

This fund is used to accumulate financial resources designated for future major repairs and replacements.

Regular Assessments

Association members are subject to annual assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessments receivable at the balance sheet date represent fees due from unit owners. The Association's policy is to retain legal counsel and place liens on the properties of homeowners whose assessments are thirty days or more delinquent. Any excess assessments at year end are retained by the Association for use in the succeeding year.

Assessment revenue is recognized as the related performance obligations are satisfied at transaction amounts expected to be collected. The Association's performance obligations related to its operating assessments is satisfied over time on a daily pro-rata basis using the input method. The performance obligations related to the replacement fund assessments are satisfied when these funds are expended for their designated purpose. Assessments receivable at the balance sheet date are stated at the amounts expected to be collected from outstanding assessments from unit owners. The Association's policy is to retain legal counsel and place liens on the properties of homeowners whose assessments are thirty days or more delinquent.

The Association treats uncollectible assessments as variable consideration. Methods, inputs, and assumptions used to evaluate whether an estimate of variable consideration is constrained include consideration of past experience and susceptibility to factors outside the Association's control.

Common Property

The Association's policy is to not capitalize the commonly owned real property as ownership is vested directly or indirectly in the unit owners and these assets are not deemed to be severable.

Notes to Financial Statements – Continued December 31, 2023

Note 1 – Organization and Summary of Significant Accounting Policies – Continued:

Contract Liabilities (Assessments received in advance-Replacement Fund)

The Association recognizes revenue from members as the related performance obligations are satisfied. A contract liability (assessments received in advance-replacement fund) is recorded when the Association has the right to receive payment in advance of the satisfaction of performance obligations related to replacement reserve assessments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Association is classified as a nonexempt membership organization for both federal and state income tax purposes. The Association is subject to specific rulings and regulations applicable to nonexempt membership organizations. In general, the Association is required to separate its taxable income and deductions into membership transactions, nonmembership transactions, and capital transactions.

For Federal tax purposes, the Association is taxed on all net income from nonmembership activities reduced only by losses from nonmembership activities for which a profit motive exists. Nonmembership income may not be offset by membership losses, and any net membership losses may only be carried forward to offset membership income of future tax periods. Any net membership income not applied to the subsequent tax year is subject to taxation. There was no income tax expense for 2023.

Management has evaluated the effect of an accounting standard relating to accounting for uncertainty in income taxes. Management has determined that the Association had no uncertain income tax positions that could have a significant effect on the financial statements for the year ended December 31, 2023. The Association's federal income tax returns are subject to examination by the Internal Revenue Service, generally for three years after the federal income tax returns were filed.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Association considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Common Expenses

The common expenses are borne equally by the 145 condominium unit owners and the unit owners share equally in the common surplus, such equal share being a 1/145 share.

Note 2 - Uninsured Cash Balances:

The Association maintains its cash balances at several financial institutions. Accounts at each institution are secured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2023, there were deposits of \$452,711 in excess of FDIC limits.

Notes to Financial Statements – Continued December 31, 2023

Note 3 – Insurance Loan:

The Association financed the certain insurance premiums that were due in July 2023. The total amount financed was \$288,415. Terms call for ten payments of \$29,918 including interest at 8.06%. The balance of the loan at December 31, 2023 is \$119,551.

Note 4 – Note Payable:

In April 2021, the Association obtained a \$2,000,000 loan to assist in providing funds for a roofing project. Draws on the loan were available until November 2022 (the "draw period"). During the draw period, the terms call for monthly payments of interest only on any outstanding balance at 3.75%. Following the draw period, the principal and interest (at 3.75%) are due in 162 monthly payments of \$15,806 with a maturity date of April 2036. The loan is collateralized by particular assets of the Association except for reserve and special assessment funds. Future minimum principal payments required if the loan were drawn in full are shown below.

<u>Year</u>	
2024	\$ 121,489
2025	126,124
2026	130,936
2027	135,932
2028	141,118
Thereafter	1,208,799
Total	\$ 1,864,398

Note 5 - Future Major Repairs and Replacements:

The Association's bylaws and Florida Statutes require that the Association prepare its annual budget with calculations of estimates of future costs for the repair and/or replacement of certain common property. These calculations provide the basis for the establishment and ratable funding of reserves over a period of time. The budget must include amounts representing full funding of reserves, however, the membership may vote to reduce or eliminate the funding of these amounts as called for in the budget. This vote must be at a duly called meeting before the budget is in place and is valid for one year only.

The Board of Directors annually reviews the major components of common property. As part of the review, a study was conducted by a third party in 2022 to estimate the remaining useful lives and the estimated current replacement costs of each of the components of the Replacement Fund. That study anticipates earnings on invested funds of 1% in the first year and up to 3% in later years. That study also uses an inflation rate of 3% and increases assessments annually by 3% for the first four years, then by 1.63% thereafter. In 2023, the Association obtained another study to use in the preparation of the 2024 budget. The 2023 study anticipates earnings on invested funds of 3.00%. That study also uses an inflation rate of 3% and increases assessments annually by 3% for the first four years, then by 1.37% thereafter. The table included in the unaudited supplementary information on future major repairs and replacements is based on this study.

Notes to Financial Statements – Continued December 31, 2023

Note 5 – Future Major Repairs and Replacements - continued:

The Board is funding for future major repairs and replacements over the remaining estimated useful lives of the components based on estimates of current replacement costs. Amounts previously accumulated are considered in determining the annual funding requirement. For 2023 the 2022 study called for full funding of \$334,707 and this amount was included in the 2023 budget. For 2024 the 2024 study called for full funding of \$402,615 and this amount was included in the 2024 budget.

Actual expenditures may vary from the estimated replacement costs. These variances could be material. Consequently, the amounts accumulated in this fund may not be adequate to fund the major repair or replacement. If additional funds are needed, the Association may increase regular assessments, pass a special assessment or delay the repair or replacement.

Note 6 - Special Assessment:

In February 2023 the Association levied a special assessment of \$4,000 per unit, total \$580,000 to provide funds for hurricane damage and carport repairs. As of December 31, 2023, \$324,624 has been spent toward these repairs, leaving \$255,376 as deferred.

Note 7 – Insurance Contingency:

The Association's current windstorm insurance policy contains a deductible clause of 3% for hurricane and \$25,000 per occurrence for other wind events with minimums per building. Based on the \$36,191,122 insured valuation of the buildings, the first \$1,085,734 could be the responsibility of the Association in the event of a hurricane.

Note 8 - Recent Legislation:

In May 2022, the Florida Legislature passed Senate Bill 4-D: Building Safety ("SB4"). The main provisions of SB4 apply to condominium and cooperative associations that have buildings three stories or higher. SB4 will require the Association to have a Milestone Inspection and a Structural Integrity Reserve Study ("SIRS") performed by December 31, 2024. The Milestone Inspection is designed to identify any substantial structural deterioration that would prevent a building from carrying the loads on it. The SIRS must be performed by a qualified third party and will determine required funding for certain replacement fund components. The Association must incorporate the results of the SIRS in its funding formulas for the Replacement Fund for any budget adopted after December 31, 2024. Funding for certain components of the Association's replacement fund cannot be waived.

The Association's Milestone Inspection was completed by a third party in June 2023 with the conclusion that "the subject building does not exhibit signs of substantial structural deterioration and passes the Phase 1 inspection, which means it does not require a Phase 2 Inspection". A qualified third party completed the SIRS required by SB4 in May 2024. The Association intends to use the recommended funding requirements of the 2024 reserve study in the preparation of the 2025 budget and will implement all requirements of SB4 in the 2026 budget as required by law.

Notes to Financial Statements – Continued December 31, 2023

Note 9 - Subsequent Events:

Subsequent events have been evaluated through June 17, 2024, which is the date the financial statements were available to be issued.

Supplementary Information on Future Major Repairs and Replacements December 31, 2023 (Unaudited)

The Board of Directors engaged Dreux Isaac & Associates, Inc. to conduct a study to estimate the remaining useful lives and the estimated current replacement costs of the components of common property.

The following table is based on that study performed during 2023 and presents significant information about the components of common property.

The pooling method considers the total beginning year reserve balance in year one along with the projected annual reserve expenditures over a thirty year period, and through pooling of all of the reserve funds and creating one general reserve fund, arrives at an annual contribution amount so as to provide a positive cash flow and adequate reserve account balance over the next thirty years.

	Remaining Estimated Useful Life	Estimated Replacement Costs
